

DONATION AT CHECK OUT

GIVE YOUR GUESTS
THE OPPORTUNITY TO CONTRIBUTE TO
THE CONSERVATION OF THE NATURAL
RESOURCES THEY CAME TO ENJOY

WHY A DONATION?

Nicoya Peninsula Waterkeeper is a Costa Rican NON-PROFIT ORGANIZATION that contributes to the conservation of rivers and costal waters through grass roots action.

Water is in a huge threat due to incorrect wastewater disposal, improper solid waste treatment and inaccessibility to conscious education.

100% OF YOUR DONATION WILL GO DIRECTLY TO FUND WATER CONSERVATION PROJECTS IN SANTA TERESA, MALPAÍS AND PLAYA HERMOSA.

ENJOY NATURE

Santa Teresa, Malpaís, Playa Hermosa are amongst the most beautiful beaches in Costa Rica. Perfect waves, vast beaches, and dense vegetation. Home to monkeys, iguanas, squirrels, whales, sting rays, and so much more.

CONTRIBUTE

At the check out, the guest can make a donation to our organization. The donation creates a big difference for each project we implement. Giving something back to the environment that tourists came to enjoy is asuming their responsibility as members of this living planet to help conservating it.

CONSERVATION

100% of your donation goes directly to fund projects of recycling, beach cleanups, composting, water quality monitoring, wastewater management advice, ocean friendly business certification, water education and awaransess raising, law enforcement and local capacity building.
